Induced by the use of coca, opiate or nar-cotic compounds is bad, decidedly bad. They undermine health and shatter the constitution and the patient is steadily growing into a worse condition-often resulting in the terrible slavery and misery of the cocaine and oplum habit. Sleep induced by the use of Hood's Sarsaparilla does not perhaps come as quickly, but it comes more surely and more permanently through nature's great restoring and rejuvenating channel - purified, vitalized and enriched blood. This feeds the nerves with life-giving energy and builds up the system and constitution from the very foundation of all health and life—the blood—pure, rich, red blood.

Adopted by the Democrats In National Convention.

National Democratic convention:

We, the Democrats of the United States in national convention assembled, do reaffirm our allegiance to those essential principles of justice and liberty upon which our institutions are founded, and which the Democratic party has advocated from Jefferson's time to our own—freedom of speech, freedom of the press, freedom of conscience, the preservation of personal rights, the equality of all citizens before the law, and the faithful observance of constitutional limi-

During all these years the Demo-cratic party has resisted the tendency of selfish interests to the centralization of governmental power, and steadfastly maintained the integrity of the dual scheme of government established by the founders of this republic of republics. Under its guidance and teachings the great principle of local self-government has found its best expression in the maintenance of the rights of the states and in its assertion of the necessity of confining the general government to the exercise of powers granted by the constitution of the United States. RELIGIOUS FREEDOM.

The constitution of the United States guarantees to every citizen the rights of civil and religious liberty. The democratic party has always been the exponent of political liberty and religious freedom and it renews its obligations and reafirms its devotion to these fundamental principles of the constitution.

FINANCE. Recognizing that the money ques-tion is paramount to all others at this of the United States, and that the first coinage law passed by congress mittees can arrange afternoon and evening meetings if desired. Joint under the constitution made the silver dollar the money unit, and addiscussions acceptable unless local mitted gold to free coicage at a ratio

based upon the silver dollar unit. We declare that the act of 1873 denonetizing silver without the knowl-FRANK J. CHENEY makes oath that he is edge or approval of the American peothe senior partner of the firm of F. J. CHENEY & Co., doing business in the city of Toledo, of gold, and a corresponding fall in the price of commodities produced by the peeple; a heavy increase in the burden of taxation and of all debts, public and private; the enrichment of the money lending class at home and abroad, the prostration of industry, and impoverishment of the people.

We are unalterably opposed to monometallism, which has locked fast the prosperity of an industrial people in paralysis of hard times, Gold mono-metallism is a British policy, and its adoption has brought other nations into financial servitude to London. It is not only un-American, but anti-American, and it can be fastened on the United States only by the stifling of that spirit and love of liberty which proclaimed our political inde-pendence in 1776 and won in the war of the revolution.

FREE COINAGE. We demand the free and unlimited coinage of both silver and gold at the present legal ratio of 16 to I, without waiting for the aid or consent of any other nation. We demand that the standard silver dollar shall be a full legal tender, equally with gold, for all debts, public and private, and we favor such legislation as will prevent for the future the demonetization of any kind of legal tender money by private contract.

BONDS We are opposed to the policy and practice of surrendering to the hold-ers of the obligations, of the United States, the option reserved by law to the government of redeeming such ob-ligations in either silver coin or gold

We are opposed to the issuing of in terest-bearing bonds of the United States in time of peace, and condemn the trafficking with banking syndi-cates which, in exchange for bonds and at an enormous profit to them-selves, supply the federal treasury with gold to maintain the policy of gold monometallism.

## ISSUE OF MONEY.

Congress alone has the power to coin and issue money, and Prerident Jackson declared that this power could not be delegated to corporations or individuals. We therefore de-nounce the issuance of notes intended to circulate as money by national banks as in derogation of the constitution, and we demand that all paper which is made a legal tender for public and private debts or which is receivable for duties to the United States shall be be issued by the govshall be redeemable in coin.

It is every woman's duty to be well and healthy. There is no reason why she should be otherwise if only ahe will take proper care of herself and take Dr. Pierce's Pavorite Prescription when she needs it.

This celebrated remedy has been used in the invalids' Hotel and Surgical Institute at Buffsio. N. V., of which Dr. Pierce is Chief Consulting Physician and specialist, for over 30 years. Thousands of women have been cured by it and hundreds have written grateful letters.

Some of these letters are embodied in a 1000 page book, profusely illustrated, called "The People's Medical Adviser," which will be sent on receipt of 21 cents in one-cent stamps, to cover postage and packing only, by World's Dispunsary Madrical Association, 663 Main St., Buffalo, N. Y.

We denounce as disturbing to business the Republican threat to restore the McKinley law, which has twice been condemned by the people in national elections, and which, enacted under the false plea of protection to home industry, proved a prolific breeder of trusts and monopolies, enriched the few by the expense of the riched the few by the expense of the many, restricted trade, and deprived the producers of the great American staples of access to their natural mar-

INCOME TAX. Until the money question is settled we are opposed to any agitation for further changes in our tariff laws, except such as are necessary to meet the deficit in revenue caused by the adverse decision of the supreme court on the income tax. But for this decision by the supreme court there would be no deficit in the revenue under the law passed by a Democratic congress in strict pursuance of the uniform deci-sions of that court for 100 years, that court having in that decision sustained constitutional objections to its enactment which had preciously been overruled by the ablest judges who have ever sat on the bench. We declare that it is the duty of congress to use all the constitutional power which remains after that decision, or which

of protecting American labor is to prevent the importation of foreign pauper labor to compete with it in the home market, and that the value of the home market to our American farmers and artisans is greatly reduced by a vicious monetary system which depresses the prices of their products below the cost of production, and thus deprives them of the means of purchasing the products of our home manufactories, and, as labor creates the wealth of the country, we demand the passage of such laws as may be
